This exploded view diagram illustrates the assembly of a portable toilet. The components are numbered as follows:

- 1-5:** Faucet assembly including the handle, mounting bracket, and base.
- 6-13:** Internal plumbing components including a valve, gaskets, and a multi-hole manifold plate.
- 14-16:** Venting system consisting of a vent pipe, a vent cap, and a collection cup.
- 17-20:** External mounting hardware including a bracket, a mounting plate, and a locking mechanism.
- 21:** A flexible discharge hose with a spring coil.
- 22:** A long, curved discharge pipe with multiple connection points.
- 23:** A section of pipe with arrows indicating the direction of flow.
- 24:** The main toilet bowl and seat assembly.
- 25:** A wheeled chassis with two large wheels and a central axle.
- 26:** Two small casters for additional mobility.
